# Company Overview

Leeman Earthworks is a South Australian-owned and operated business specialising in providing professional, reliable, and experienced plant operators and equipment for mining and civil construction sectors. With a commitment to safety, efficiency, and precision, we work closely with clients to deliver tailored earthmoving and project support solutions. We pride ourselves on our well-maintained machinery, skilled workforce, and our ability to support projects from small-scale operations to large infrastructure and resource developments.

## Fuel Charges

Wet hire services are charged exclusive of fuel. Fuel will be invoiced at cost based on pump rates.

## Included Services

- **Excavator & Dozer Operation:** Our experienced operators are trained to work efficiently in high-risk and high-demand environments, handling tasks such as trenching, bulk earthworks, detailed excavation, and land clearing with precision and safety.
- **Moxy Truck Driving:** Our operators handle articulated dump trucks (moxy trucks) for large-volume earth and material transport, maintaining safe operation in challenging terrain and under rigorous production schedules
- **Project Management:** We deliver comprehensive project oversight-- from planning to execution ensuring all resources, schedules, and teams are aligned. Our team also utilises proprietary in-house mobile applications that manage equipment restarts, site documentation, and meet all mining and civil safety protocols.
- **Equipment Wet Hire:** Modern excavators, dozers, skid steers, and tipper trucks are available with skilled operators. All machinery is regularly maintained and comes equipped to meet current safety and compliance standards for civil and mining work.
- **Daily Ute & Fuel Trailer (Mining Only):** Essential for remote or extended site operations, our support vehicles ensure machines remain fuelled and crews supported, improving productivity and minimising downtime.
